Just Treewidth in Athens, Monday 4 and Tuesday 5 of March, 2013

The 2-days mini-workshop "Just Treewidth in Athens" will be held at room $\Gamma 31$, Department of Mathematics, National and Kapodistrian University Athens, during the days 4 and 5 of March, 2013 between 09:30 and 14:30. The talks/presentations will be given by the graduate and pregraduate students that followed the seminar course of MPLA on "Advanced Topics in Graph Theory" during the fall semester of 2012. All talks are devoted to topics related to treewidth and other topics from the theory of graph minors.
